

## CALL FOR POSTERS FOR THE “REWILDING IN ITALY” SEMINAR

**Subject:** selection of 12 thematic posters, six of which will be covered by scholarship, to be exhibited and discussed during the seminar "Rewilding in Italy: state of the art and future perspectives", 3-5 November 2023, Gioia dei Marsi (AQ).

### 1. The initiative

Ten years after the first rewilding initiatives in the Central Apennines, Rewilding Apennines launches the seminar "Rewilding in Italy: state of the art and future perspectives", three days dedicated entirely to Italian rewilding actions from an ecological, economic, and social point of view, together with Italian and European experts. Taking into account all rewilding initiatives carried out in Italy over the years, the event also aims to strengthen the network that unites all those who work with wildlife, ecosystem restoration and coexistence, to define together objectives and actions for the near future.

### 2. The objective

To encourage the professional development and exchange of experiences of young professionals in this area, Rewilding Apennines announces a competition to reward 6 young researchers. The competition is aimed at young researchers who have obtained a master's degree no more than 5 years ago or a PhD no more than 2 years ago. In any case, candidates must not be older than 33 years old at the deadline of the call.

### 3. How to participate

All participants are invited to provide **original scientific contributions in the form of posters** (maximum format 140 cm high and 90 cm wide) accompanied by an **abstract** of the poster content (required length 250-500 words), which also includes the name of the authors, institution to which they belong, address, telephone number and email, as per the application form attached to this call.

Applications must be sent no later than **October 9, 2023** to [info@rewilding-apennines.com](mailto:info@rewilding-apennines.com) with "Application - rewilding seminar poster" as the subject of the email.

### 4. Topics

The contents of the posters must fall within one of the following thematic areas:

1. "Living with wildlife"
2. "Financial and legislative tools to support nature conservation"
3. "Wildlife on the move in Italy"
4. "From the reintroductions to the protection of species and habitats"

### 5. Method of assignment

The award consists in the possibility of participating for free in the seminar "Rewilding in Italy. State of the art and future perspectives" which will be held from 3 to 5 November in Gioia dei Marsi (AQ), food and accommodation included; no remuneration is foreseen.

The winners will be selected by the Rewilding Apennines team.

The selection is based on the **evaluation of the curriculum** and the **coherence of the material presented regarding the contents of the reference category**. Furthermore, any scientific articles published in journals with Impact Factor in the area of interest will be evaluated; greater weight will be given to articles with the candidate as the first name.

Overall, Rewilding Apennines will select a maximum of 12 posters to display and discuss during the seminar, of which the first 6 will be awarded the scholarships.

The 6 scholarships will be awarded to the following participants: 4 undergraduates or graduates; 2 doctoral students or research doctors.

## CALL FOR POSTERS FOR THE “REWILDING IN ITALY” SEMINAR

### Application form

Name and Last name \_\_\_\_\_  
Place of birth \_\_\_\_\_ Date of birth (dd/mm/yy) \_\_\_\_\_  
City/Country \_\_\_\_\_

Requests to compete for the award of a scholarship for participation in the seminar "**Rewilding in Italy: state of the art and future perspectives**" with the poster (authors and title)

---

In the category (put a tick on the category title):

- ☐ “Living with wildlife”
- ☐ “Financial and legislative tools to support nature conservation”
- ☐ “Wildlife on the move in Italy”
- ☐ “From the reintroductions to the protection of species and habitats”

☐ I consent to the processing of personal data and accept the terms of the selection.

Date

Signature

### ANNEXES

- ☐ **Draft of the poster and abstract**
- ☐ **Identity document**
- ☐ **Curriculum vitae** (to be presented as a self-certification form)

### PLEASE NOTE

Some basic information must be included in the CV, in the absence of which the scores required for the specific item cannot be assigned (see the call):

- ☐ *Personal data*
- ☐ *Master's Degree (faculty, university, year of graduation, grade, thesis title)*
- ☐ *Doctorate (field, title, tutor, year of completion or years attended)*
- ☐ *Research groups with which you have collaborated (indicate: head of the research group, project title, duration, role held, whether paid or not, period of activity)*
- ☐ *List of publications in journals with Impact factor (authors, title, year of publication, journal)*
